Alldatasheet is...

Back in 2003 , ALLDATASHEET was constructed to help Engineers with finding a Vast volume of datasheets by faster and effective way.

Since then , We've only focused on Technical Development for Better Use of Global Users. Thanks to the effort , Alldatasheet became the most Popular and Powerful site that Users want to search their Datasheet in JAN/2008.

Since we became the most popular site, we do our best to provide better services to users. Visitors has been increased day by day and now most of engineers visit our site to search for their need of datasheets.

We always do our best for utmost satisfaction of users.

About Alldatasheet

ALLDATASHEET is the biggest online electronic component datasheets search engine.

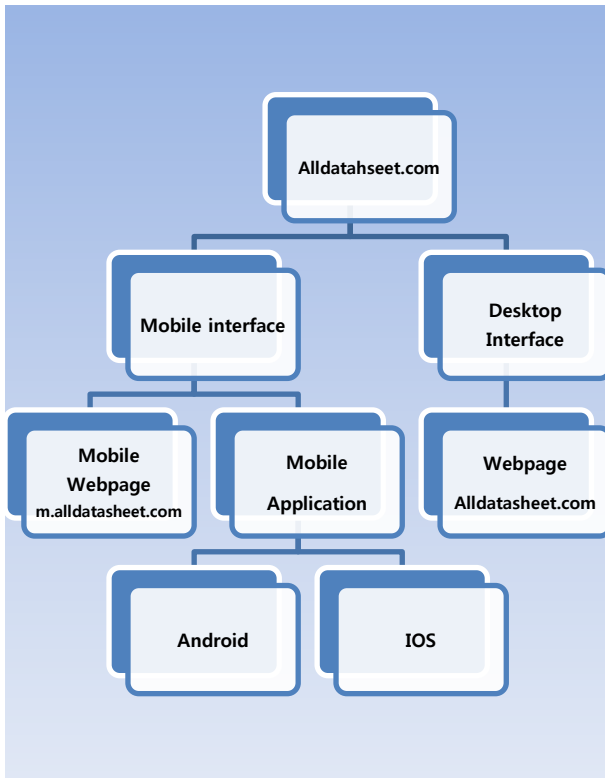

- Contains over 50 million semiconductor datasheets.
- More than 60,000 Datasheets update per month.
- More than 450,000 Searches per day.
- Near by 26,000,000 Impressions per month.
- More than 13,000,000 Visits per month all around the world.
- More than 10,000,000 Unique Users at Alldatasheet.

(As of March 2017)

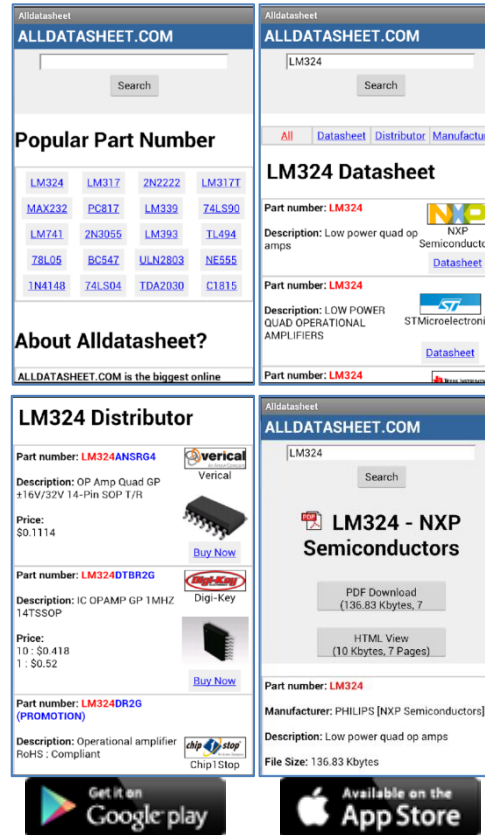

Alldatasheet Interface Information.

Alldatasheet interface

[Interface diagram]

[Mobile application]

Alldatasheet.com provides users with various interfaces for user convenience.

To keep pace with global trend on mobile, We support both m.alldatasheet.com and mobile application.

As of 2015 July, our mobile application was launched to match changes in user's needs. Since its launch, the using rate of the application has been steadily increased until now.

You can download our mobile application from Google play store or App store for free.

We always do our best to meet user satisfactory.

Click the above images to download the app on Alldatasheet.com.

How Alldatasheet get datasheets

Alldatasheet have two main process to get datasheets

1. Find datasheets ourselves what user wants

Many of users want new electronic components datasheet.

We search ourselves for new electronic components datasheet and updates them at Alldatasheet to satisfy need of users.

Also we update datasheets what user asked us to find for them.

2. Contact from Electronic Components Manufacturer

After we became popular in datasheets, many electronic components manufacturers request to upload their datasheets at Alldatasheet for their product users.

Over 1000 manufacturers have been registered in Alldatasheet until now.

The requests from the manufacturers for registering on alldatasheet.com are continuously made at the moment.

Alldatasheet Visitor's Information

Top 20 Countries of Alldatasheet Visitor

Alldatasheet Global Visitors Status (Top 20 countries)

233 Countries user visits Alldatasheet over the whole world.

Google Analytics Research data of March 2017

Alldatasheet's visits have been counted about 13,00,000 Visits from 233 countries All over the world.

In the continental result of visitors, Americas, Europe and Asia are taking over 94% of total visits. Africa and Oceania take less than 6% of total visits.

- More information on the next page -

As the Map beside, United States, China, Russia are the most visited countries for Americas, Asia and Europe continent. 8 Europe Countries, 7 Asia Countries and 5 Americas Countries were listed at Top 20.

Top 20 Visitor's countries are well developed in Electronic components and Semiconductor and up-and-coming countries.

All of the results are based on Google Analytics on March 2017.

Alldatasheet Visitor's Information

Alldatasheet Visitor's Information by Continent

Alldatasheet Visitor's by Continent

- Alldatasheet Total

- Visitors by Continent

Continent	Impression	Visit	Unique User	Unique User (%)
Asia	14,588,259	7,460,252	5,963,471	55.73%
Europe	5,783,252	2,990,157	2,402,236	22.45%
Americas	4,163,196	2,142,835	1,733,660	16.20%
Africa	1,265,365	659,540	524,816	4.90%
Oceania	102,877	53,318	42,494	0.40%
Not Set	81,788	41,940	33,753	0.32%
Total	25,984,737	13,348,042	10,700,430	100.00%

Google Analytics Research data of March 2017

Visitors Research Data in March 2017, Alldatasheet's Total Impression is over 25,900,000 and Total Visits counted more than 13,300,000. Total Unique User of Alldatasheet is over 10,700,000.

Alldatasheet has world-wide users and many of Alldatasheet users are working in engineer & engineering management or design & development.

- More information on the page 9 -

As you can check from the 'Visitors by continent' table, Asia has over 5,960,000 Unique Users and Europe and Americas have over 2,400,000 and 1,700,000.

Asia, Europe and Americas takes over 94% from Total Unique Users.

More information on the next page -

Alldatasheet Visitor's Information

Alldatasheet Latest Growth Chart (2015 ~ 2017)

Alldatasheet boasts the largest audience number among the same kind of websites.

The number of Impression is slightly increased from 2015 to 2016 in the chart beside.

The number has been continuously increased for the last years.

In 2017, the numbers has noticeably increased compared to last year.

The numbers of visitor and unique visitor haven't shown much changes from 2015 to 2016.

However, in 2017 the numbers have been dramatically increased compared to last two years.

We will make an consecutive efforts to attain the our goal in 2018.

-Next page : Alldatasheet User's job function -

Google Analytics Research data of March 2015,2016,2017

Alldatasheet Visitor's Information

Alldatasheet User's Job Function

What is Your Job Function?

Alldatasheet major user's Job Function is Engineer & Engineering Management and it takes nearby 35%.

Design & Development takes 19% and Test & Production Engineering takes just below 9%.

Above three job functions are highly related in Engineering & Development of the industry and it covers 63%.

More than 90% of users are included in the Semiconductor and Electronic Components industry.

Alldatasheet is well-known as 'Free to Use' web-site and has deep relations with education.

University Students and Professors are using Alldatasheet in their daily study, project and further more.

Alldatasheet is the most famous datasheet search web-site in the world and try harder to give utmost satisfaction to Users and Partners.
