Alldatasheet is...

Back in 2003 , ALLDATASHEET was constructed to help Engineers with finding a Vast volume of datasheets by faster and effective way.

Since then , We've only focused on Technical Development for Better Use of Global Users. Thanks to the effort , Alldatasheet became the most Popular and Powerful site that Users want to search their Datasheet in JAN/2008.

Since we became the most popular site, we do our best to provide better services to users. Visitors has been increased day by day and now most of engineers visit our site to search for their need of datasheets.

We always do our best for utmost satisfaction of users.

About Alldatasheet

ALLDATASHEET is the biggest online electronic component datasheets search engine.

- Contains over 50 million semiconductor datasheets.
- More than 60,000 Datasheets update per month.
- More than 450,000 Searches per day.
- Near by 30,000,000 Impressions per month.
- More than 14,900,000 Visits per month all around the world.
- More than 12,000,000 Unique users at Alldatasheet.

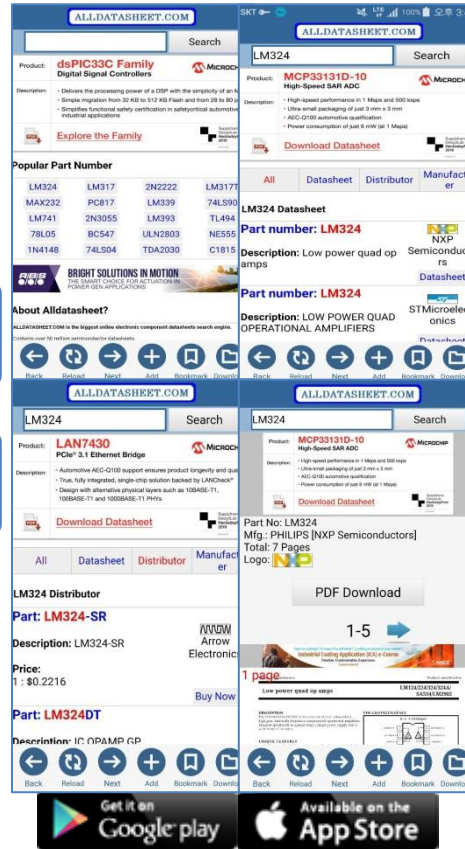

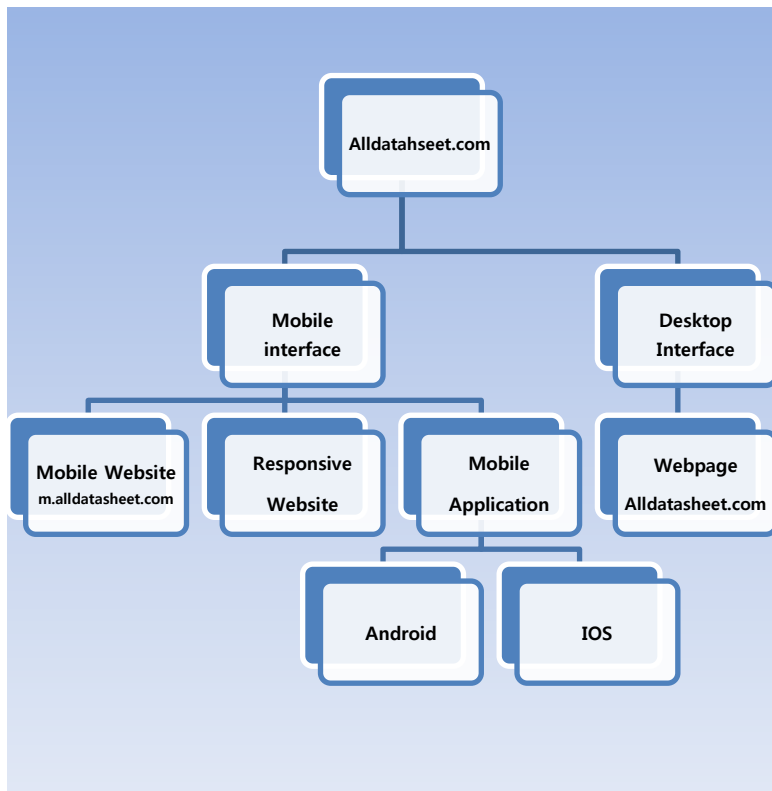

(As of March 2020)

Alldatasheet Interface Information.

Alldatasheet interface as per device

[Interface diagram]

[Mobile application]

Alldatasheet.com provides users with various interfaces for user convenience.

To keep pace with global trend on mobile, We support both m.alldatasheet.com and mobile application.

As of 2015 July, our mobile application was launched to match changes in user's needs. Since its launch, the using rate of the application has been steadily increased until now.

You can download our mobile application from Google play store or App store for free.

We always do our best to meet user satisfactory.

How Alldatasheet get datasheets

Alldatasheet have two main process to get datasheets

1. Find datasheets ourselves what user wants

Many of users want new electronic components datasheet.

We search ourselves for new electronic components datasheet and updates them at Alldatasheet to satisfy need of users.

Also we update datasheets what user asked us to find for them.

2. Contact from Electronic Components Manufacturer

After we became popular in datasheets, many electronic components manufacturers request to upload their datasheets at Alldatasheet for their product users.

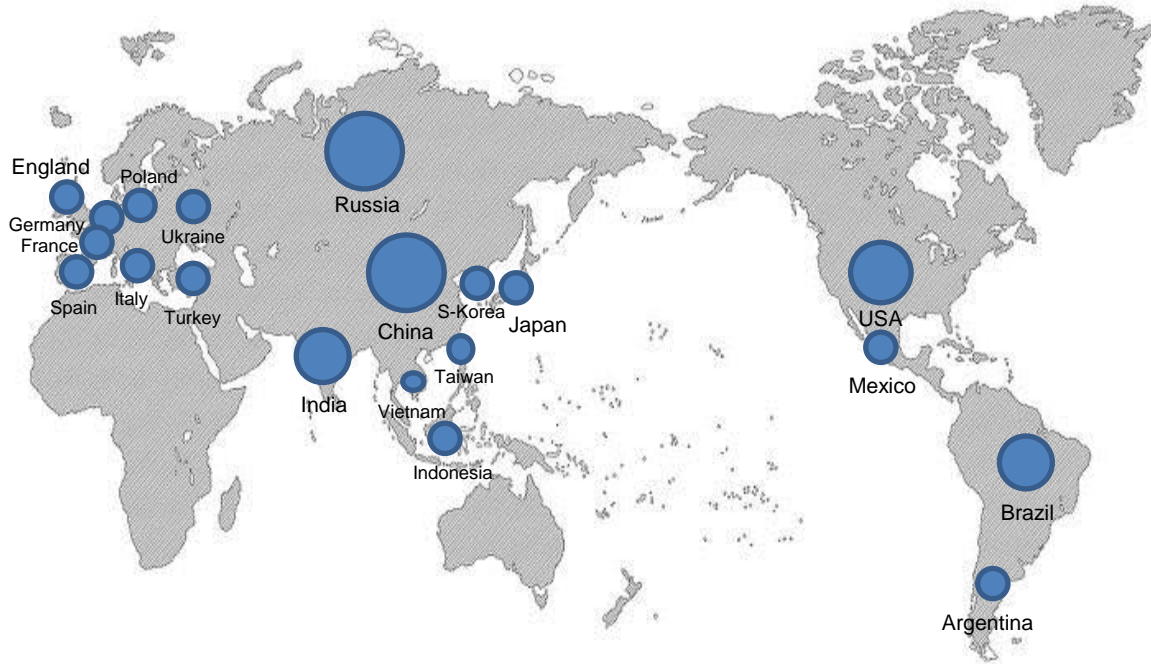

Over 1000 manufacturers have been registered in Alldatasheet until now.

The requests from the manufacturers for registering on alldatasheet.com are continuously made at the moment.

Alldatasheet Visitor's Information

Top 20 Countries of Alldatasheet Visitor

Alldatasheet Global Visitors Status (Top 20 countries)

Alldatasheet's visits have been counted about 14,965,000 from 237 countries All over the world.

In the continental result of visitors, Americas, Europe and Asia are taking over 96% of total visits. Africa and Oceania take less than 4% of total visits.

- More information on the next page -

As the Map beside, United States, China, Russia are the most visited countries for Americas, Asia and Europe continent. 9 Europe Countries, 7 Asia Countries and 4 Americas Countries are listed at Top 20.

Top 20 Visitor's countries are well developed in Electronic components and Semiconductor and up-and-coming countries.

Users 237 Countries visits Alldatasheet over the whole world.

Google Analytics Research data of March 2020

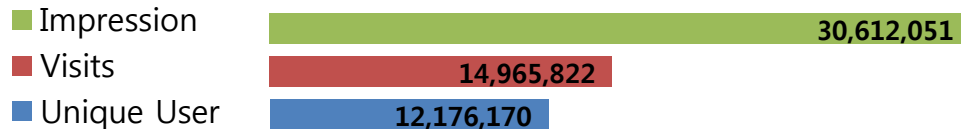

All of the results are based on Google Analytics on March 2020.

Alldatasheet Visitor's Information

Alldatasheet Visitor's Information by Continent

Alldatasheet Visitor's by Continent

- Alldatasheet Total

- Visitors by Continent

Continent	Impression	Visit	Unique User	Unique User (%)
Asia	17,599,022	8,565,311	6,968,929	57.23%
Europe	6,956,748	3,430,044	2,784,181	22.92%
Americas	4,901,767	2,402,838	1,963,831	16.06%
Africa	964,405	474,117	383,597	3.17%
Oceania	93,584	46,074	37,259	0.31%
Not Set	96,525	47,438	38,373	0.32%
Total	30,612,051	14,965,822	12,176,170	100.00%

Google Analytics Research data of March 2020

Visitors Research Data in March 2020, Alldatasheet's Total Impression is over 30,600,000 and Total Visits counted more than 14,900,000. Total Unique User of Alldatasheet is over 12,100,000.

Alldatasheet has world-wide users and many of Alldatasheet users are working in engineer & engineering management or design & development.

- More information on the page 9 -

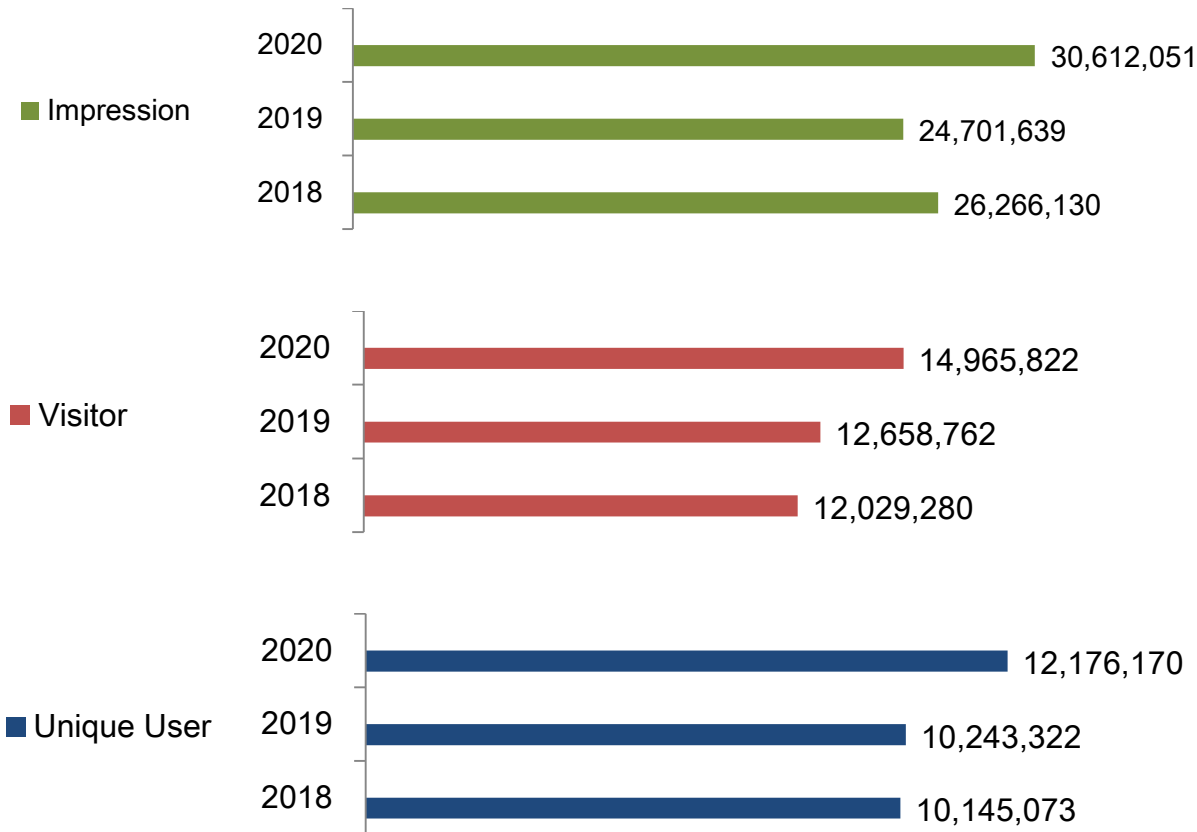

As you can check from the 'Visitors by continent' table, Asia has over 8,560,000 Unique Users and Europe and Americas have over 3,430,000 and 2,400,000.

Asia, Europe and Americas takes over 96% from Total Unique Users.

Alldatasheet Visitor's Information

Alldatasheet Latest Growth Chart (2016 ~ 2019)

Google Analytics Research data of March 2018,2019,2020

Alldatasheet boasts the largest audience number among the electronic component search engines.

The numbers are decreased from 2018 to 2019 in the chart beside due to the global economic depression by impact of trade dispute between US and China.

However in 2020,all numbers have dramatically increased compared to last year.

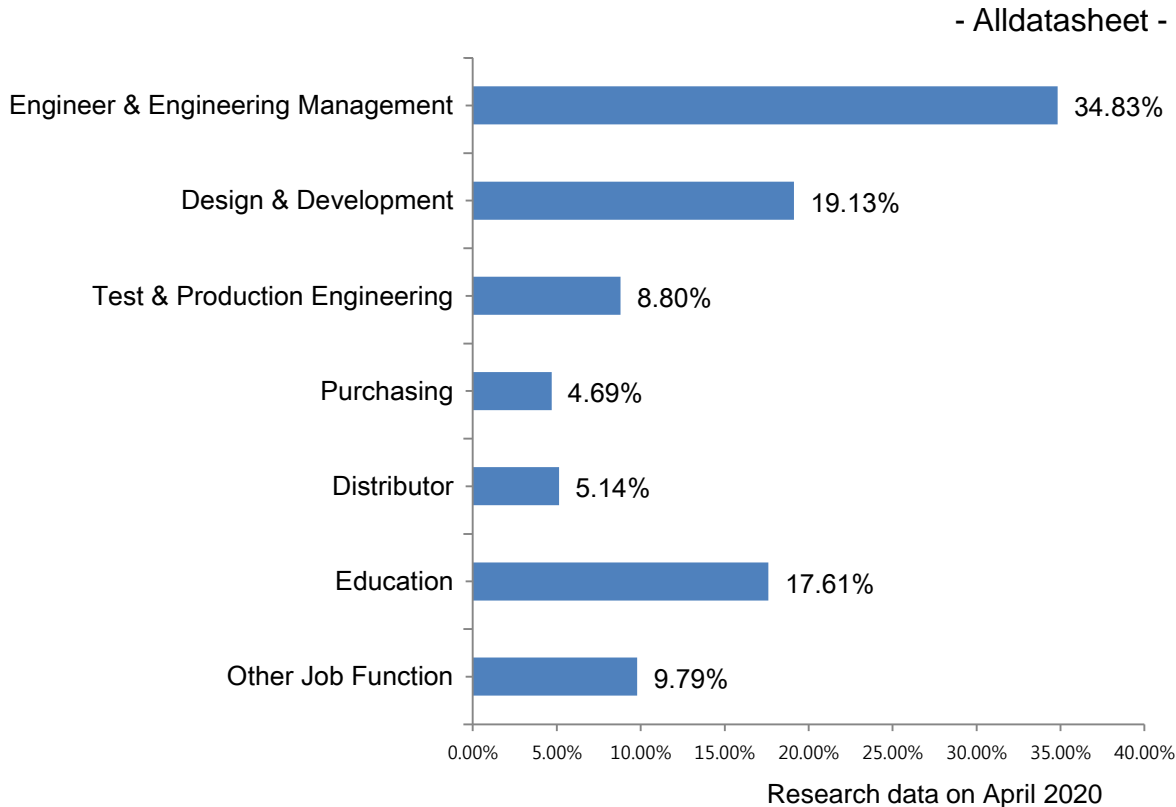

We will make an consecutive efforts to satisfy the users.

-Next page : Alldatasheet User's job function -

Alldatasheet Visitor's Information

Alldatasheet User's Job Function

What is Your Job Function?

Alldatasheet major user's Job Function is Engineer & Engineering Management and it takes nearby 35%.

Design & Development takes 19% and Test & Production Engineering takes just below 9%.

Above three job functions are highly related in Engineering & Development of the industry and it covers 63%.

More than 90% of users are included in the Semiconductor and Electronic Components industry.

Alldatasheet is well-known as 'Free to Use' web-site and has deep relations with education.

University Students and Professors are using Alldatasheet in their daily study, project and further more.

Alldatasheet is the most famous datasheet search web-site in the world and try harder to give utmost satisfaction to Users and Partners.
